

How to Become a Certified Pharmacy

TO DISPENSE MIFEPRISTONE

Follow these Steps to Become a Certified Pharmacy

- Read the **Prescribing Information** document
- Read the **Pharmacy Agreement Form(s)** from the appropriate manufacturer(s)
- Be able to receive Prescriber Agreement Forms via fax and email
- Be able to use a shipping service that provides tracking information (if planning to ship or mail mifepristone)
- Designate an authorized representative to carry out certification process on behalf of the pharmacy
 - Ensure that the authorized representative oversees the implementation and compliance of the Mifepristone REMS Program as outlined in the **Pharmacy Agreement Forms**
- Sign the **Pharmacy Agreement Form(s)** and fax or submit electronically to the appropriate manufacturer(s)
- Ensure you have completed everything on the mifepristone dispensing checklist, EVERY time you dispense a prescription for mifepristone
- Comply with audits carried out by the Mifepristone Sponsors or by a third party acting on their behalf to ensure that all processes and procedures are in place and being followed

Set up your Service

- Order and keep mifepristone and misoprostol in stock
- Notify local prescribers that your pharmacy is certified to dispense mifepristone
- Get the word out! Put signage up and list your pharmacy on [medicationabortionpharmacies.com](https://www.medicationabortionpharmacies.com)
